

To whom it may concern
Re: Graham Macbean
Letter of Recommendation

Graham Macbean has been employed seasonally at Fort Steele Heritage Town since April 18 2011. Graham is an incredible person; he is keen on assisting in whatever capacity is needed of him. He adapts well to each surrounding he finds himself in, and is exceptional with the groups and visitors he is in contact with during his employment.

Graham has been an interpreter in a vast array of areas at Fort Steele Heritage Town; He has instructed our Mountie Life, Railway, Blacksmith, Leather and Tinsmith Programs (to name a few) to School groups and the general public. Groups give glowing reports about the programming Graham delivers and we are excited to have him back again in 2016. The staff who work with Graham tend to pull him in all directions as he is wanted by all!

I would be excited to retain Graham in a year round, full time capacity if I had the chance!

Thank you for your time.
